

9th

Congress of
Asian Federation of Societies for
Ultrasound in Medicine and Biology

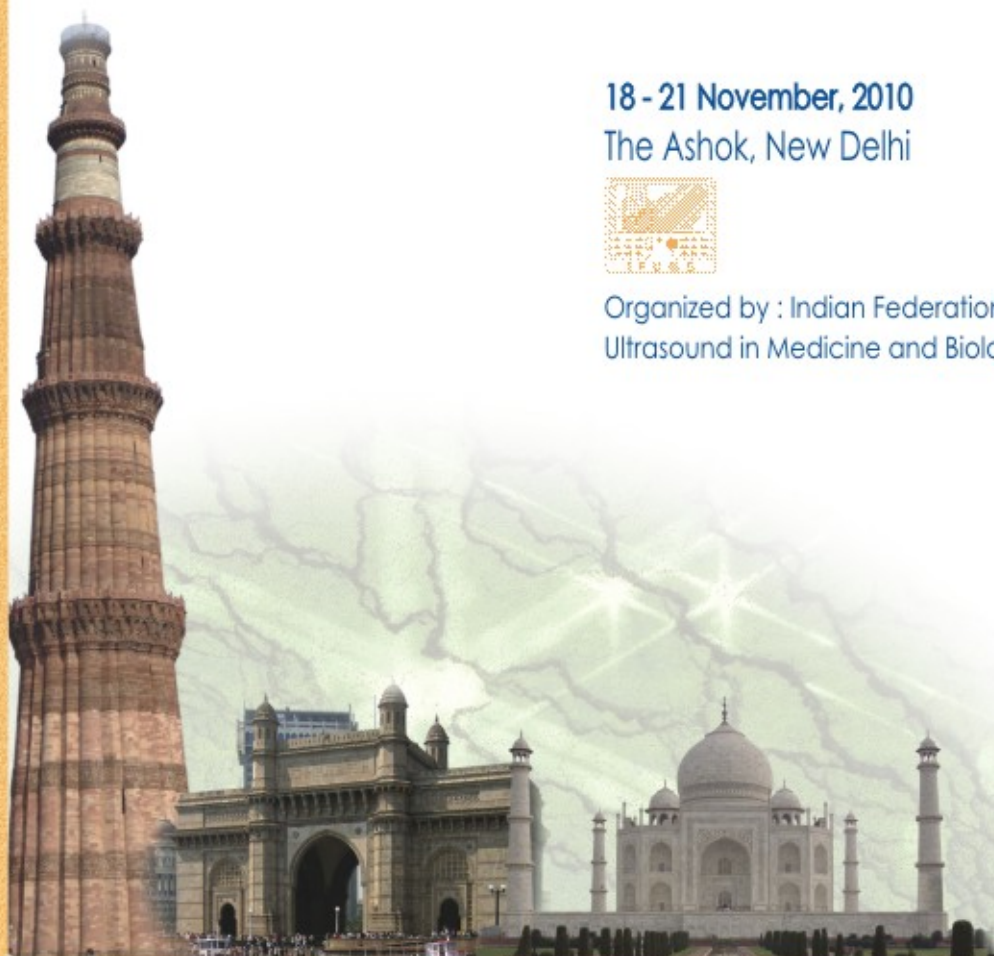

18 - 21 November, 2010

The Ashok, New Delhi

Organized by : Indian Federation of
Ultrasound in Medicine and Biology

Invitation

Dear Colleague,

It gives us great pleasure in inviting you to attend 9th Congress of Asian Federation of Societies for Ultrasound in Medicine & Biology (AFSUMB) going to be held in capital of India New Delhi, on 18th to 21st November, 2010. We, the members of Indian Federation of Ultrasound in Medicine & Biology, are thankful to AFSUMB for giving us an opportunity to host 9th Congress of AFSUMB in India.

Asia has a large population and Asian countries have vibrant economy. Due to variability in economic conditions & geographical distribution, the ultrasonography skill is still in primitive stage in several Asian countries. The role of such congresses is to promote uniform education and standards of sonography to this population of Asia.

Scientific deliberations will be one of the most important facet of the conference. The best known luminaries in the field of Ultrasonography, National & International will enlighten us with their dedicated work & vast experience. We promise you an academic event which will enhance your clinical acumen and imaging skill.

Apart from comprehensive scientific programme, arrangements will be made to give a glimpse of rich cultural heritage of India. It is a land of sages, of Gautam Buddha, of Lord Rama, Lord Krishna & Mahatma Gandhi who preached and practiced non-violence. The culinary delight of Delhi is bound to satisfy your palate.

Your presence & participation in 9th AFSUMB-2010, India is essential for the success of congress. Visit, enjoy the warmth & hospitality of Delhi.

We hope you return with fond memories of the congress.
